We are looking for a

Clinical Application Specialist (CAS) (f/m)

Key tasks

- Providing in-person and virtual education and training on Sentec's transcutaneous technology.
- Proposing and creating new educational materials for end-users.
- Building on best practices to drive clinical success.
- Participating in routine and specialty educational programs, continuing education webinars, Regional or National Training Events and Conferences.
- Position key publications and best practices to influence clinicians to successfully adopt and use TcM in key markets

Our offer

- Meaningful activity on products that enable a personalized therapy for patients
- Flat hierarchy, short decision-making processes, interdisciplinary collaboration
- Opportunity to contribute and develop your skills in an agile company

Your profile

- Bachelor's Degree or similar level of education in nursing, respiratory, or medical field.
- 2+ years of experience in hospital NICU/ICU
- Experience training/educating healthcare professionals.
- Located near the Basel area; willing to travel.
- Fluent in German and English, French is a plus.

We are looking forward to get in touch with you! Please send your application documents to jobs@sentec.com.
