Company Video

We are hiring a

Clinical Education Specialist (CES) (f/m/d)

Key tasks

- Providing in-person and virtual education and training on Sentec's EIT (Electrical impedance technology) to clinicians
- Proposing and creating new educational materials for end-users
- Building on best practices to drive clinical success
- Participating in routine and specialty educational programs, continuing education webinars, Regional or National Training Events and Conferences

Our offer

- Meaningful work on products that are life saving or support the therapy of patients in an effective manner
- Flat hierarchy, truly interdisciplinary working community
- Opportunity to contribute ideas, speak up and take decisions

Your profile

- Bachelor's Degree or similar level of education in nursing, respiratory, or medical field
- 2+ years of experience in hospital NICU/ICU environment
- Experience training/educating healthcare professionals
- Located in Europe (ideally Germany or Switzerland), willing to travel up to 50%
- Fluent in German and English

Would be great to meet you and to explore whether your plans and ideas may be concurrent with ours!
